WARMFLOW GUN CABINETS

MANUFACTURED AND APPROVED TO BS7558

WARMFLOW GUN CABINETS

Warmflow Engineering is one of the largest manufacturers of gun cabinets in Great Britain and Ireland.

Each cabinet is manufactured from 2mm steel plate and is complete with interlocking door and full length anti-lever flanges.

The rear of the cabinets have been pre-drilled with fixing holes suitable for M20 fixings provided.

Each cabinet is fitted with an 8 lever lock which operates a 5 point locking mechanism, ensuring total security for the enclosed contents.

The cabinet has an internal foam lining and foam gun divider for gun separation and protection.

The 4 gun cabinets are fitted with an internal storage shelf.

Warmflow cabinets provide a high level of security and excellent value for money.
